TUESDAY, JULY 25. 1738.

1738. 962.

Edinburgh, July 18.

ESTERDAY Morning the Right Hon. the Lords of Juiliciary (after continuing the Trial of David Young of Gilmeadowland till Friday next) proceeded on that at the Instance of David Haggart of Cairnmuir, against the Rev. Mr. James Hog and Thomas Souter.

Jury was chose and sworn in, Souter de- their Lordships to be heard; which being he, as it were, taking Vengeance to himself, declaration to the following Purpose: 'That long ago conceived a deadly Malice against Mr. Hog, on Account of his turning the Decla- of a Possession which he rented of Cairn- and otherwife his harrassing the Declarant: accordingly he (Souter) having come to the of Mr. Hog, his Brother Pannel, soon after use of Caputh was burnt, in order to have id baptized, Mr. Hog desired him to take e of his Ale by themselves; that at so doing, og enticed the Declarant to say, that it con- with his Knowledge that Cairnmuir burnt his, assuring him, that if the Declarant would it, or be assisting in convicting Cairnmuir in spect, he might have a Wing of Cairnmuir's : And finally, that the Minister promised to Money should be wanting, and that the ates employed for himself should plead for eclarant; that hereupon he (Souter) had de- several Things against Cairnmuir at last Cir- Perth, which he could no longer adhere to, art then proceeded to the Proof, touching the g Witnesses to swear that Cairnmuir had e Manse; the endeavouring to prevail with e stifle the Truth, in a Process of Scandal at ur's Instance against the Minister, on account atter's having accused the former of Incest is own Daughter-in-Law; and touching ur's Imprisonment at Perth in March last, on mation that he had burnt the Manse. On er hand, Witnesses were adduced for the towards disqualifying some of the Witnesses for the Indictment. The Evidence for the as sum'd up by Mr. James Graham, junior, thundering Charge against the Parson; as if er prostituting his Character as a Minister of off High God, had not only marshalled himself the Banner of Satan, but had also endeavoured his Flock into that Service, under the enthu- and wicked Cloak of glorifying God, pleasing nister, and all good Men: That as many Wit- had swore to the different Facts libelled, and ere were not two concurring in any one speci- eundance, yet still, from the connected Chain proof, the same was as unexceptionably good, e Witnesses had swore he saw the Pannel come on without a Horse, and another swore he saw nnel steal thence and carry away the Horse ; nor was it to be supposed that a Suborner ave so little Sagacity as to carry with Convictor in each Hand when he went uch occult Jobs: That however the several libelled were only probative of the general e of Subornation: That, upon the whole, fers of Gold and Money had been made by inister and his Trustee in the mean time, fur- omises made, and even some of these Offers in epted. The Observations on the Proof in of the Pannels were argued with equal Learn- udgment and Eervour, by Mr. Robert Craigie, fisted, That the several Crimes libelled were ck and distinct Facts; that as not any one of as proved by two Witnesses, the Proof was no a legal one, than if one Witness had sworn he e Pannel murder James, another swore he ed John, and a third that he murdered Tho- at different Times and Places: And in general, ined the absolute Necessity of two Witnesses ng to each distinct Fact, for the Preservation of ives and Liberties of the Subject; and that any ry Doctrine was new with us, and inconsistent he Law and Practice of Scotland. About

5 o'Clock the Jury inclosed, rose betwixt 8 and 9, and are to give in their Verdict at 3 this Afternoon.

Yesterday Alexander Herdman and Sally his Wife, were brought from Prison before the Magistrates; and not being able to give any Reason for their coming into this City again contrary to their Enactment, were certiorate that they must be whipped next Wednesday, about the Streets in part Payment of the Penalty incurred by counteracting their former Engagements. But it is thought the Magistrates will rather extend Mercy than put this Piece of Justice in Execution, if betwixt and To-morrow they sign their Banishment to one or other foreign Clime.

Yesterday the Court of Juiliciary continued the Dyet against David Young, for raising wilful Fire, to Friday at 3 o'Clock; and proceeded directly to the Examination of Witnesses in the Affair of Mr. Hog. The Case seems to be of a very nice and intricate Nature: After hearing the Evidence, the Council on the one Side pleaded it was a generick Crime; that the several Instances libelled, were only so many Branches, all tending to confirm the general Charge of Subornation; that although two Witnesses did not prove the same Facts, yet, in the Case of High Treason, which was a Thing of the nearest Concern, different overt Acts, tho' one be proved by only one Witne's, and another likewise by only a single one, the Proof was judged valid, as was in the Trial of Sir William Perkins and Friend: And so left an Authority than the Lord Chief Justice Holt's, was offered to support the Opinion. On the other hand it was said, the Crime charged was a specifick one, and could be no more general than that of Murder, Adultery, &c. and a Man might commit fifty Murders, as well as endeavours to suborn fifty Witnesses; but no Jury would think the Proof sufficient to convict a Pannel, if one Evidence should swear he saw him murder John, another Peter, and a third Thomas: So here, the single Evidence of a Person, testifying he endeavoured to suborne me, and of another him, &c. could not be Grounds to find the Charge proven: There is a vast Difference betwixt the Laws of England and Scotland, and by the Scots Laws there behoves to be two concurring Evidences to prove a Fact; but in this Case it is not so: The Court ordered the Jury to inclose, and return their Verdict this Day at Three in the Afternoon.

Some Days ago an Officer of his Majesty's Customs at the Port of Greenock, seiz'd in an open Boat call'd the Katharine of Kilbryde, a little off Garrioch-head, near 600 Gallons of Brandy, and a good deal of Rum.

Concerning Gleets and Seminal Weakness of all Kinds.

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleet and Seminal Weakness, which is often brought on by too severe purging for Venereal Injuries, Strains, Pollutio sui, or any other Cause which is difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Heetick Heats, a Taker Dorialis, or a Tumor of the Back, or an Atrophy of Nervous Glands, which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be afflicted with Old or Stubborn Gleet, Seminal Effusion, or any Emissions, excessive Nocturnal Pollution, or any other Weakness of the Kidneys, Ureters, or Bladder, the Incontinency of Urine, or Difficulty of holding the Urine, would doubtless be glad to meet with a certain and speedy Cure, which they most assuredly may, by only a small Quantity of a transcendent Balsamic Restorative ELECTUARY, now published for a general use, after having for many Years been experienced and proved to fail perfectly curing the most Stubborn Gleet in a few Days, without Difficulty or Trouble; and in other Weaknesses of the Back, Reins, Seminal and Urinary Passages, which almost instantly cures, to rights and restoring all those Parts and restoring natural Tone and pristine Vigour, in a very easy Manner, and by taking a few Doses of it only.

This transcendent BALSAMICK RESTORATIVE is neither disagreeable to take, nor occasions any disorder, but is a wonderful Restorative in all Weaknesses of Constitution of any Kind, and particularly in the Back, Reins, Seminal and Urinary Vessels to the degree, inasmuch that in any Debility of them, it does more than ten of any other Remedy yet found. All Persons fatigued with Gleet or Seminal Weakness, or Weaknesses of the Urinary Vessels, who in three Days time find it so very effectual, that they most agreeably surprised at it.

When a Medicine will infallibly accomplish such speedy and perfect Cure of such difficult Maladies, and Seminal Weaknesses are, as this Great Remedy directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in its praise. All who ever took it for any of the above-mentioned have readily declared.

The Price is but 6 s. a Pot, altho' for its abilities one Pot alone being sufficient in most Cases to cure a Cure, worth ten times as much, and by the special Appointment, is to be had only at Mr. M. Toy-shop, at the Rose and Crown against St. Church-Yard in the Strand, ready sealed up, with Instructions, which whomsoever carefully reads will know, when the Gleet or Weakness he is suffering succeds a Venereal Injury, whether all the Malice the Foul Disease is intirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balsamick Electuary.

The Universal Family MEDICINE
